Getting the books Le False Libert Verso La Postglobalizzazione now is not type of challenging means. You could not isolated going considering ebook buildup or library or borrowing from your links to admittance them. This is an unquestionably simple means to specifically acquire guide by on-line. This online revelation Le False Libert Verso La Postglobalizzazione can be one of the options to accompany you in imitation of having extra time.

It will not waste your time. bow to me, the e-book will extremely declare you additional concern to read. Just invest little epoch to right to use this on-line revelation Le False Libert Verso La Postglobalizzazione as well as review them wherever you are now.

A Cena Con Fluffy Dec 21 2021 Tempesta's stories explore complexities that are both profound and profoundly human, for example in cultural differences between life in the USA and in Italy. Most of his stories ask the reader to consider such questions as whether friendship possesses substance beyond illusion, and whether new life and new joy can emerge from surrender to aestheticized memories. Translating short stories is an arduous task but he succeeded in recreating in English, the emotional impact of his original stories in Italian. The importance of his writing lies in his capacity to generate dialogue. A reader must actively engage his texts, not to arbitrarily construct meaning, but to capture the abundance of subtlety and nuance that his work evokes. His prose (just like his poetry) does not ask to be received or decoded. Rather, it asks the reader to reflect on it and converse with it.

Liberty and Equality in Caribbean Colombia, 1770-1835 Aug 17 2021 After Brazil and the United States, Colombia has the third-largest population of African-descended peoples in the Western hemisphere. Yet the country is commonly viewed as a nation of Andeans, whites, and mestizos (peoples of mixed Spanish and indigenous Indian ancestry). Aline Helg examines the historical roots of Colombia's treatment and neglect of its Afro-Caribbean identity within the comparative perspective of the Americas. Concentrating on the Caribbean region, she explores the role of free and

enslaved peoples of full and mixed African ancestry, elite whites, and Indians in the late colonial period and in the processes of independence and early nation building. Why did race not become an organizational category in Caribbean Colombia as it did in several other societies with significant African-descended populations? Helg argues that divisions within the lower and upper classes, silence on the issue of race, and Afro-Colombians' preference for individual, local, and transient forms of resistance resulted in particular spheres of popular autonomy but prevented the development of an Afro-Caribbean identity in the region and a cohesive challenge to Andean Colombia. Considering cities such as Cartagena and Santa Marta, the rural communities along the Magdalena River, and the vast uncontrolled frontiers, Helg illuminates an understudied Latin American region and reintegrates Colombia into the history of the Caribbean.

Literature of Liberty Aug 24 2019

Liberty, Fraternity, Exile Aug 05 2020 In this moving microhistory of nineteenth-century Haiti and Jamaica, Matthew J. Smith details the intimate connections that illuminate the conjoined histories of both places after slavery. The frequent movement of people between Haiti and Jamaica in the decades following emancipation in the British Caribbean brought the countries into closer contact and influenced discourse about the postemancipation future of the region. In the stories and genealogies of exiles and politicians, abolitionists and diplomats, laborers and merchants--and mothers, fathers, and children--Smith recognizes the significance of nineteenth-century Haiti to regional development. On a broader level, Smith argues that the history of the Caribbean is bound up in the shared experiences of those who crossed the straits and borders between the islands just as much as in the actions of colonial powers. Whereas Caribbean historiography has generally treated linguistic areas separately and emphasized relationships with empires, Smith concludes that such approaches have obscured the equally important interactions among peoples of the Caribbean.

Seizing Freedom Jul 04 2020 Forceful and detailed account of the struggle for "freedom" after the American Civil War How did America recover after its years of civil war? How did freed men and women, former slaves, respond to their newly won freedom? David Roediger's radical new history redefines the idea of freedom after the jubilee, using fresh sources and texts to build on the leading historical accounts of Emancipation and Reconstruction. Reinstating ex-slaves' own "freedom dreams" in constructing these histories, Roediger creates a masterful account of the emancipation and its ramifications on a whole host of day-to-day concerns for Whites and Blacks alike, such as property relations, gender roles, and labor.

Religionsfreiheit und Verhältnis von Kirche und Staat. Der Beitrag John Courtney Murrays zu einer modernen Frage Feb 08 2021

Rethinking Liberty before Liberalism Jul 24 2019 Reflects on histories of freedom and republicanism through a major new reappraisal of Quentin Skinner's *Liberty before Liberalism*.

Edward Carpenter Mar 12 2021 Acclaimed biography of the pioneering advocate of free love, gay rights and women's suffrage.

On The Reproduction Of Capitalism Sep 25 2019 Louis Althusser's renowned short text 'Ideology and Ideological State Apparatuses' radically transformed the concept of the subject, the understanding of the state and even the very frameworks of cultural, political and literary theory. The text has influenced thinkers such as Judith Butler, Ernesto Laclau and Slavoj Žižek. The piece is, in fact, an extract from a much longer book, *On the Reproduction of Capitalism*, until now unavailable in English. Its publication makes possible a reappraisal of seminal Althusserian texts already available in English, their place in Althusser's oeuvre and the relevance of his ideas for contemporary theory. *On the Reproduction of Capitalism* develops Althusser's conception of historical materialism, outlining the conditions of reproduction in capitalist society and the revolutionary struggle for its

overthrow. Written in the afterglow of May 1968, the text addresses a question that continues to haunt us today: in a society that proclaims its attachment to the ideals of liberty and equality, why do we witness the ever-renewed reproduction of relations of domination? Both a conceptually innovative text and a key theoretical tool for activists, *On the Reproduction of Capitalism* is an essential addition to the corpus of the twentieth-century Left.

Venue and the Defense of Republican Liberty Jun 26 2022

Liberty or Death Jan 22 2022 A striking account of the impact of the French Revolution in Paris, across the French countryside, and around the globe The French Revolution has fascinated, perplexed, and inspired for more than two centuries. It was a seismic event that radically transformed France and launched shock waves across the world. In this provocative new history, Peter McPhee draws on a lifetime's study of eighteenth-century France and Europe to create an entirely fresh account of the world's first great modern revolution—its origins, drama, complexity, and significance. Was the Revolution a major turning point in French—even world—history, or was it instead a protracted period of violent upheaval and warfare that wrecked millions of lives? McPhee evaluates the Revolution within a genuinely global context: Europe, the Atlantic region, and even farther. He acknowledges the key revolutionary events that unfolded in Paris, yet also uncovers the varying experiences of French citizens outside the gates of the city: the provincial men and women whose daily lives were altered—or not—by developments in the capital. Enhanced with evocative stories of those who struggled to cope in unpredictable times, McPhee's deeply researched book investigates the changing personal, social, and cultural world of the eighteenth century. His startling conclusions redefine and illuminate both the experience and the legacy of France's transformative age of revolution. "McPhee...skillfully and with consummate clarity recounts one of the most complex events in modern history... [This] extraordinary work is destined to be the standard account of the French Revolution for years to come."—Publishers Weekly (starred review)

The Limits of Liberty Jan 28 2020 *The Limits of Liberty* chronicles the formation of the U.S.-Mexico border from the perspective of the "mobile peoples" who assisted in determining the international boundary from both sides in the mid-nineteenth century. In this historic and timely study, James David Nichols argues against the many top-down connotations that borders carry, noting that the state cannot entirely dominate the process of boundary marking. Even though there were many efforts on the part of the United States and Mexico to define the new international border as a limit, mobile peoples continued to transgress the border and cross it with impunity. Transborder migrants reimagined the dividing line as a gateway to opportunity rather than as a fence limiting their movement. Runaway slaves, Mexican debt peones, and seminomadic Native Americans saw liberty on the other side of the line and crossed in search of greater opportunity. In doing so they devised their own border epistemology that clashed with official understandings of the boundary. These divergent understandings resulted in violence with the crossing of vigilantes, soldiers, and militias in search of fugitives and runaways. *The Limits of Liberty* explores how the border attracted migrants from both sides and considers border-crossers together, whereas most treatments thus far have considered discrete social groups along the border. Mining Mexican archival sources, Nichols is one of the first scholars to explore the nuance of negotiation that took place between the state and mobile peoples in the formation of borders.

A Frail Liberty Mar 24 2022 By mapping the quandaries of racial equality in Atlantic revolutions, *A Frail Liberty* contrasts the treatment and status of two colonial populations with African ancestry to document the link between exceptionalism and political inclusion.

In Defence of the Terror Sep 17 2021 For two hundred years after the French Revolution, the Republican tradition celebrated the execution of princes and

aristocrats, defending the Terror that the Revolution inflicted upon on its enemies. But recent decades have brought a marked change in sensibility. The Revolution is no longer judged in terms of historical necessity but rather by "timeless" standards of morality. In this succinct essay, Sophie Wahnich explains how, contrary to prevailing interpretations, the institution of Terror sought to put a brake on legitimate popular violence—in Danton's words, to "be terrible so as to spare the people the need to be so"—and was subsequently subsumed in a logic of war. The Terror was "a process welded to a regime of popular sovereignty, the only alternatives being to defeat tyranny or die for liberty."

Recueil de la jurisprudence de la propriété et du bâtiment Mar 31 2020

On the Liberty of the Press, and Public Discussion, and Other Legal and Political Writings for Spain and Portugal Nov 27 2019 The essays contained in the present volume represent Bentham's attempt to influence the direction of political and constitutional change taking place in Spain and Portugal in the early 1820s. At the same time as commenting on Spanish and Portuguese questions, Bentham outlined important aspects of his own legal and constitutional theories, defended measures of democratic reform, and offered a vigorous defence of free speech and communication. The volume complements *Colonies, Commerce, and Constitutional Law*, in which Bentham commented on the disastrous effects on Spain of her attempts to retain her overseas possessions.

Religious Liberty Sep 05 2020 John Courtney Murray is renowned for his contributions to American ethical debates and well known for his defense of civil religious freedom. He strongly felt that religion should be taught in public schools and universities. Murray had a decisive influence on juridical, political, and social theories. This intriguing volume includes, in addition to two of Murray's most important statements on religious freedom, two essays newly made available to the reading public. This fascinating collection will help readers look back at past struggles over religious liberty and forward to dilemmas presently facing the church. The Library of Theological Ethics series focuses on what it means to think theologically and ethically. It presents a selection of important and otherwise unavailable texts in easily accessible form. Volumes in this series will enable sustained dialogue with predecessors though reflection on classic works in the field.

The Color of Liberty Feb 29 2020 France has long defined itself as a color-blind nation where racial bias has no place. Even today, the French universal curriculum for secondary students makes no mention of race or slavery, and many French scholars still resist addressing racial questions. Yet, as this groundbreaking volume shows, color and other racial markers have been major factors in French national life for more than three hundred years. The sixteen essays in *The Color of Liberty* offer a wealth of innovative research on the neglected history of race in France, ranging from the early modern period to the present. *The Color of Liberty* addresses four major themes: the evolution of race as an idea in France; representations of "the other" in French literature, art, government, and trade; the international dimensions of French racial thinking, particularly in relation to colonialism; and the impact of racial differences on the shaping of the modern French city. The many permutations of race in French history—as assigned identity, consumer product icon, scientific discourse, philosophical problem, by-product of migration, or tool in empire building—here receive nuanced treatments confronting the malleability of ideas about race and the uses to which they have been put. Contributors. Leora Auslander, Claude Blanckaert, Alice Conklin, Fred Constant, Laurent Dubois, Yaël Simpson Fletcher, Richard Fogarty, John Garrigus, Dana Hale, Thomas C. Holt, Patricia M. E. Lorcin, Dennis McEnnerney, Michael A. Osborne, Lynn Palermo, Sue Peabody, Pierre H. Boulle, Alyssa Goldstein Sepinwall, Tyler Stovall, Michael G. Vann, Gary Wilder

Musica E Musicisti May 02 2020

Audi Alteram Partem in Criminal Proceedings Oct 26 2019 This book analyses current developments in Europe and Latin America towards the greater involvement of the parties in the administration of criminal justice. Focusing on both national criminal proceedings and transnational cases, this study employs a comparative law approach to examine the shift experienced by Italy and Brazil from the long tradition of mixed criminal justice to unprecedented adversarial trends. The identification of common needs and divergences from the national approach to criminal justice paves the way for a subsequent analysis of new solution models emerging from international human rights law and EU law. To a great extent, these developments are due to the increasing impact of international human rights case-law on the criminal justice systems of the countries in question. The book concludes by proposing a set of qualitative requirements for a participatory model of criminal justice.

A Dangerous Liberty May 14 2021 Thomas Gray's *An Elegy Written in a Country Churchyard* enjoyed extraordinary popular success in Europe, where it was widely translated, imitated, adapted, and in various ways assimilated into the continental literatures. The history of the *Elegy*'s circulation on the continent demonstrates the importance of the poem to the romantic generation of European poets, while appreciation of this history serves to illuminate modern critical approaches to the poem's often uncertain or ambiguous meaning.

Terror, Insecurity and Liberty Feb 20 2022 This edited volume questions the widespread resort to illiberal security practices by contemporary liberal regimes since 9/11, and argues that counter-terrorism is embedded into the very logic of the fields of politics and security. Although recent debate surrounding civil rights and liberties in post-9/11 Europe has focused on the forms, provisions and legal consequences of security-led policies, this volume takes an interdisciplinary approach to explore how these policies have come to generate illiberal practices. The book argues that policies implemented in the name of protection and national security have had a strong effect on civil liberties, human rights and social cohesion - in particular, but not only, since 9/11. The book undertakes detailed sociological enquiries concerning security agencies, and analyses public discourses on the definition of the terrorist threat. In doing so, it aims to show that the current reframing of civil rights and liberties is in part a result of the very functioning of both the political and the security fields, in that it is embedded in a broad array of domestic and transnational political, administrative and bureaucratic stakes.

Religious Liberty Bill Oct 31 2022

Sweet Liberty Dec 09 2020 From its founding, Martinique played an integral role in France's Atlantic empire. Established in the mid-seventeenth century as a colonial outpost against Spanish and English dominance in the Caribbean, the island was transformed by the increase in European demand for sugar, coffee, and indigo. Like other colonial subjects, Martinicans met the labor needs of cash-crop cultivation by establishing plantations worked by enslaved Africans and by adopting the rigidly hierarchical social structure that accompanied chattel slavery. After Haiti gained its independence in 1804, Martinique's economic importance to the French empire increased. At the same time, questions arose, both in France and on the island, about the long-term viability of the plantation system, including debates about the ways colonists—especially enslaved Africans and free mixed-race individuals—fit into the French nation. *Sweet Liberty* chronicles the history of Martinique from France's reacquisition of the island from the British in 1802 to the abolition of slavery in 1848. Focusing on the relationship between the island's widely diverse society and the various waves of French and British colonial administrations, Rebecca Hartkopf Schloss provides a compelling account of Martinique's social, political, and cultural dynamics during the final years of slavery in the French empire. Schloss explores how various groups—Creole and metropolitan elites, petits

blancs, gens de couleur, and enslaved Africans—interacted with one another in a constantly shifting political environment and traces how these interactions influenced the colony's debates around identity, citizenship, and the boundaries of the French nation. Based on extensive archival research in Europe and the Americas, *Sweet Liberty* is a groundbreaking study of a neglected region that traces how race, slavery, class, and gender shaped what it meant to be French on both sides of the Atlantic.

In Defence of the Terror Aug 29 2022 For two hundred years after the French Revolution, the Republican tradition celebrated the execution of princes and aristocrats, defending the Terror that the Revolution inflicted upon on its enemies. But recent decades have brought a marked change in sensibility. The Revolution is no longer judged in terms of historical necessity but rather by “timeless” standards of morality. In this succinct essay, Sophie Wahnich explains how, contrary to prevailing interpretations, the institution of Terror sought to put a brake on legitimate popular violence—in Danton’s words, to “be terrible so as to spare the people the need to be so”—and was subsequently subsumed in a logic of war. The Terror was “a process welded to a regime of popular sovereignty, the only alternatives being to defeat tyranny or die for liberty.”

Tree of Liberty Nov 19 2021 On January 1, 1804, Jean-Jacques Dessalines declared the independence of Haiti, thus bringing to an end the only successful slave revolution in history and transforming the colony of Saint-Domingue into the second independent state in the Western Hemisphere. The historical significance of the Haitian Revolution has been addressed by numerous scholars, but the importance of the Revolution as a cultural and political phenomenon has only begun to be explored. Although the path-breaking work of Michel-Rolph Trouillot and Sibylle Fischer has illustrated the profound silences surrounding the Haitian Revolution in Western historiography and in Caribbean cultural production in the aftermath of the Revolution, contributors to this volume argue that, while suppressed and disavowed in some quarters, the Haitian Revolution nonetheless had an enduring cultural and political impact, particularly on peoples and communities that have been marginalized in the historical record and absent from the discourses of Western historiography. *Tree of Liberty* interrogates the literary, historical, and political discourses that the Revolution produced and inspired across time and space and across national and linguistic boundaries. In so doing, it seeks to initiate a far-reaching discussion of the Revolution as a cultural and political phenomenon that shaped ideas about the Enlightenment, freedom, postcolonialism, and race in the modern Atlantic world. Contributors: A. James Arnold, University of Virginia * Chris Bongie, Queen's University * Paul Breslin, Northwestern University * Ada Ferrer, New York University * Doris L. Machiavelli on Liberty and Conflict Apr 12 2021 Papers from a conference held 6-7 December 2013 at the Italian Academy for Advanced Studies at Columbia University to mark the five-hundredth anniversary of the publication of *The Prince*.

Mercantilism Reimagined Oct 07 2020 This volume of collected essays takes a new approach to this problematic subject by rethinking its broad foundations. From a variety of perspectives, its authors situate mercantilism against the backdrop of wider transformations in seventeenth-century Britain, Europe, and the Atlantic, from the scientific revolution to the expansion of empire.--

Liberty and Security in Europe Jul 28 2022 Over recent years most of the criminal justice systems in Europe have witnessed a tendency to enhance the role of pre-trial inquiries. Different kinds of pre-trial measures have had a heavy impact on the fundamental rights of individuals involved in criminal procedures. The book contains a comparative study of four European countries on pre-trial precautionary

measures limiting personal liberty. This comparison is part of two general frameworks concerning the ECtHR case-law and the EU legislation in the field of the right to liberty and security. In its two level approach, the book provides a critical guide for understanding the most significant changes which occurred in the area of liberty and security in the pre-trial phases of criminal proceedings as well as the protection systems developed in Europe both at national and supranational level to face the new challenges of the modern criminal investigation.

Il Cinghiale che uccise Liberty Valance Nov 07 2020 Nell'immaginario paese di Corsignano – tra Toscana e Umbria – la vita procede come sempre. C'è gente che lavora, donne che tradiscono i propri uomini e uomini che perdono una fortuna a carte. C'è una vecchia che ricorda il giorno in cui fu abbandonata sull'altare, un avvocato canaglia, due bellissime sorelle che eccellono nell'arte della prostituzione e una bambina che rischia la morte. E c'è una comunità di cinghiali che scorrazza nei boschi circostanti. Se non fosse che uno di questi cinghiali acquista misteriosamente facoltà che trascendono la sua natura. Non solo diventa capace di elaborare pensieri degni di un essere umano, ma, esattamente come noi, diventa consapevole anche della morte. Troppo umano per essere del tutto compreso dai suoi simili e troppo bestia per non essere temuto dagli umani: «il Cinghiale che uccise Liberty Valance» si ritrova all'improvviso in una terra di nessuno che da una parte lo getta nella solitudine ma dall'altra gli dà la capacità di accedere ai segreti di Corsignano, leggendo nel cuore dei suoi abitanti. Giordano Meacci scrive un romanzo bellissimo, commovente, appassionante, che racconta l'eterno mistero dei nostri sentimenti e lo fa grazie all'antico espediente di trattare le bestie come uomini e gli uomini come una tra le molte specie viventi sulla Terra.

Venice and the Defense of Republican Liberty May 26 2022 This title is part of UC Press's Voices Revived program, which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice, reach, and impact. Drawing on a backlist dating to 1893, Voices Revived makes high-quality, peer-reviewed scholarship accessible once again using print-on-demand technology. This title was originally published in 1968.

Liberty, Individuality, and Democracy in Jorge Luis Borges Jul 16 2021 This book analyzes Borges's works through a political rather than a literary or cultural lens. It explores how Borges's politically inspired works make the case for individual liberty against political oppression, militarism, and populism and examines the evolution of Borges's democratic sensitivity by relating it to salient historical events.

Liberty and the Search for Identity Jun 22 2019 Liberalism was not only the first modern ideology, it was also the first secular movement to have an international presence. The scholarly articles in this collection, skillfully edited by Iván Zoltán Dénes, examine liberal ideas and movements from Scotland to the Ottoman Empire. The volume seeks to uncover and analyze various relationships between liberalisms and nationalisms, national identities and modernity concepts, nations and empires, nation-states and nationalities, traditions and modernities, images of the self and the others, modernization strategies and identity creations. This volume provides an important historical analysis that is essential toward understanding the questions and motivations of liberalism in the European Union today. This is, therefore, a timely contribution to both historiography and contemporary politics.

Liberty and the Pursuit of Knowledge Jun 02 2020 French philosopher Charles Renouvier played an influential role in reviving philosophy in France after it was proscribed during the Second Empire. Drawn to the ideals of the French Revolution, Renouvier came to recognize that the free will and civil liberties he supported were essential to the pursuit of science, contrary to the ideologies of positivists and socialists who would restrict liberty in the name of science. He struggled

against monarchy and religious authority in the period up through 1848 and defended a liberal, secular form of political organization at a critical turning point in French history, the beginning of the Third Republic. As Warren Schmaus argues, Renouvier's work provides an example of one way in which philosophy of science can succeed in bringing about change in political life—by critiquing political ideologies that falsely claim absolute certainty on religious, scientific, or any other grounds. *Liberty and the Pursuit of Knowledge* explores the understudied relationship between Renouvier's philosophy of science and his political philosophy, shedding new light on the significance of his thought for the history of philosophy.

But recent decades have brought a marked change in attitude. The Revolution is no longer thought of in terms of historical necessity, but judged according to the supposedly 'timeless' standards of morality. ... Walnich explains how, contrary to prevailing interpretations, the instigators of the Terror sought to contain legitimate popular violence - in [Georges] Danton's words, to 'be terrible so as to spare the people the need to be so' - and that this goal was subsequently subsumed in the logic of war. The Terror was 'a process wedded to a regime of popular sovereignty, the only alternatives being to defeat tyranny or die for liberty.' "--Jacket

Bread, Justice, and Liberty Oct 19 2021 A compelling history of the antiregime coalition forged by liberation-theology Catholics and Marxist-Left militants in Chile's urban shantytowns, with groundbreaking contributions to scholarship on human rights, mass social movements, popular protest, and democratization.

Il Liberty a Torino Dec 29 2019

Venice Reconsidered Jan 10 2021 *Venice Reconsidered* offers a dynamic portrait of Venice from the establishment of the Republic at the end of the thirteenth century to its fall to Napoleon in 1797. In contrast to earlier efforts to categorize Venice's politics as strictly republican and its society as rigidly tripartite and hierarchical, the scholars in this volume present a more fluid and complex interpretation of Venetian culture. Drawing on a variety of disciplines—history, art history, and musicology—these essays present innovative variants of the myth of Venice—that nearly inexhaustible repertoire of stories Venetians told about themselves.

The Fruit of Liberty Apr 24 2022 In the middle decades of the sixteenth century, the republican city-state of Florence--birthplace of the Renaissance--failed. In its place the Medici family created a principality, becoming first dukes of Florence and then grand dukes of Tuscany. *The Fruit of Liberty* examines how this transition occurred from the perspective of the Florentine patricians who had dominated and controlled the republic. The book analyzes the long, slow social and cultural transformations that predated, accompanied, and facilitated the institutional shift from republic to principality, from citizen to subject. More than a chronological narrative, this analysis covers a wide range of contributing factors to this transition, from attitudes toward officeholding, clothing, the patronage of artists and architects to notions of self, family, and gender. Using a wide variety of sources including private letters, diaries, and art works, Nicholas Baker explores how the language, images, and values of the republic were reconceptualized to aid the shift from citizen to subject. He argues that the creation of Medici principality did not occur by a radical break with the past but with the adoption and adaptation of the political culture of Renaissance republicanism.

La cameriera del Liberty Jun 14 2021 *La famiglia* "stata la prima zona di guerra nella vita di Velia. Segnata dall'etÀ di dodici anni da un'esperienza di

sopruso, ne resterà contaminata per un lungo periodo. Se pur innocente, verrà colpevolizzata diventando un facile capro espiatorio. È lei la protagonista del romanzo, che alla fine conoscerà un uomo in grado di apprezzare la sua bellezza e capire la sua innocenza. La storia di Velia rappresenta un paradigma della violenza che si scatena dalle pulsioni umane, e in molti casi, rimane come ultimo riscatto la scelta tra oblio e vendetta.
