Am I Being Too Subtle? Dec 02 2019 The traits that make Sam Zell one of the world ' s most successful entrepreneurs also make him one of the most surprising, enigmatic, and entertaining mavericks in American business. Self-made billionaire Sam Zell consistently sees what others don ' t. From finding a market for overpriced Playboy magazines among his junior high classmates, to buying real estate on the cheap after a market crash, to investing in often unglamorous industries with long-term value, Zell acts boldly on supply and demand trends to grab the first-mover advantage. And he can find opportunity virtually anywhere—from an arcane piece of legislation to a desert meeting in Abu Dhabi. “ If everyone is going left, look right, ” Zell often says. To him, conventional wisdom is nothing but a reference point. Year after year, deal after deal, he shuts out the noise of the crowd, gathers as much information as possible, then trusts his own instincts. He credits much of his independent thinking to his parents, who were Jewish refugees from World War II. Talk to any two people and you might get wild swings in their descriptions of Zell. A media firestorm ensued when the Tribune Company went into bankruptcy a year after he agreed to steward the enterprise. At the same time, his razor-sharp instincts are legendary on Wall Street, and he has sponsored over a dozen IPOs. He ' s known as the Grave Dancer for his strategy of targeting troubled assets, yet he ' s created thousands of jobs. Within his own organization, he has an inordinate number of employees at every level who are fiercely loyal and have worked for him for decades. Zell ' s got a big personality; he is often contrarian, blunt, and irreverent, and always curious and hardworking. This is the guy who started wearing jeans to work in the 1960s, when offices were a sea of gray suits. He ' s the guy who told The Wall Street Journal in 1985, “ If it ain ' t fun, we don ' t do it. ” He rides motorcycles with his friends, the Zell ' s Angels, around the world and he keeps ducks on the deck outside his office. As he writes: “ I simply don ' t buy into many of the made-up rules of social convention. The bottom line is: If you ' re really good at what you do, you have the freedom to be who you really are. ” Am I Being Too Subtle?—a reference to Zell ' s favorite way to underscore a point—takes readers on a ride across his business terrain, sharing with honesty and humor stories of the times he got it right, when he didn ' t, and most important, what he learned in the process. This is an indispensable guide for the next generation of disrupters, entrepreneurs, and investors.

Parenting, Uncensored: Straight Talk from Real Moms on Breastfeeding Jul 09 2020 There are two facts that all new parents learn: "Breast is best" and "If momma ain't happy, ain't nobody happy." The first is learned from books, nurses, pediatricians, lactation consultants, unsolicited advice from strangers, and embroidered pillows. The second lesson is often a product of the first. In twelve frank and funny essays, Parenting Uncensored gives a range of perspectives on an often controversial topic: breastfeeding. From Stefanie Wilder's plea for everyone to stop judging one another to Ilana Wiles's account of pumping in public ("You don't know breast pump awkwardness until two 20 year-old guys are coordinating your pumping session over walkie talkies, then appearing to escort you to the back of the hair and make-up trailer and standing outside the front door ... "), you'll hopefully find a kindred spirit and even be inspired to join the conversation. Several of the essays in the book were chosen by the Babble community as the most compelling and helpful examination of the topic. Babble, the leading site for parents sharing "tell-it-like-it-is" guidance, presents the first volume of Parenting Uncensored, a series of short ebooks on topics of vital interest to expecting and new parents.

Straight Talk, No Chaser LP May 19 2021 In the instant number one New York Times bestseller *Act Like a Lady, Think Like a Man*, Steve Harvey gave millions of women around the globe insight into what men really think about love, intimacy, and commitment. In his new book he zeros in on what motivates men and provides tips on how women can use that knowledge to get more of what they need out of their relationships, whether it's more help around the house, more of the right kind of attention in the bedroom, more money in the joint bank account, or more truth when it comes to the hard questions, such as: Are you committed to building a future together? Does my success intimidate you? Have you cheated on me? In *Straight Talk, No Chaser: How to Find, Keep, and Understand a Man*, Steve Harvey shares information on: How to Get the Truth Out of Your Man Tired of answers that are deceptive? Harvey lays out a three-tier, CIA-style of questioning that will leave your man no choice but to cut to the chase and deliver the truth. Dating Tips, Decade by Decade Whether you're in your twenties and just starting to date seriously, in your thirties and feeling the tick of the biological clock, or in your forties and beyond, Steve provides insight into what a man, in each decade of his life, is looking for in a mate. How to Minimize Nagging and Maximize Harmony at Home He said he'd cut the lawn on Saturday, and you may have been within reason to think that that meant Saturday before ten in the evening, but exploding at him is only going to ruin the mood for everyone, which means no romance. Steve shows you how to talk to your man in a way that moves him to action and keeps the peace. And there's much more, including Steve's candid answers to questions you've always wanted to ask men. Drawing on a lifetime of experience and the feedback women have shared with him in reaction to *Act Like a Lady, Think Like a Man*, Harvey offers wisdom on a wealth of topics relevant to both sexes today. He also gets more personal, sharing anecdotes from his own family history. Always direct, often funny, and incredibly perceptive, media personality, comedian, philanthropist, and (finally) happily married husband, Steve Harvey proves once again that he is the king of relationships.

*18 Minutes with Jesus* Aug 22 2021 Did you know you can read Jesus's Sermon on the Mount in about 18 minutes? Yet packed into this short talk are more life-changing and startlingly original teachings than anywhere else in Scripture. In it, Jesus dives past the surface into the heart of what we need and desire--from God, ourselves, and one another. It's the spiritual straight talk we need about the things that matter most in life. Drawing from decades of study, Dr. Robert Jeffress breaks down Jesus's most well-known (yet least-followed) teachings about happiness, faith, relationships, sex, reconciliation, prayer, money, and more. Mueller attempts to explain some of the truths of the Bible that are relevant to our human nature, thoughts, and purpose. For those seeking to understand the Bible better, this book will be a delightful addition to your library.

Straight Talk from the Heartland Jan 15 2021 Ed Schultz is here to slay the "right-wing radio dragon" and revitalize the charge against Bush-era "conservative cruelty" with his own bold, irreverent truth-talk. When the self-described "gun-toting, meat-eating, drug-free liberal" from America's heartland came out swinging with his syndicated radio program, The Ed Schultz Show, listeners realized right away that this was no cookie-cutter liberal, but a tough-talking advocate for everything that's right about the left. "A free press is all that stands between you and a dictatorship," warns Schultz, in defiance of the Bush administration and ultra-conservative talking heads like Rush Limbaugh and Sean Hannity, whom he blames for quashing political debate just when America needs it most. While Big Ed has what it takes to "go bare-knuckle brawling" with his staunchest detractors, it is with a deep compassion and impeccable common sense that he describes how our "government by the rich and for the rich" is imperiling the lives of average hard-working Americans. In Straight Talk from the Heartland, Schultz rails against the havoc that our nation's leaders are wreaking on everything from international relations to homeland defense, from our skyrocketing federal deficit to the disenfranchised families of rural America who are struggling to make ends meet. With a heady mix of patriotism, outrage, humor, and hope, he makes an urgent appeal to universal virtues such as honesty and liberty, and reminds readers of what he calls the Four Pillars of a Great Nation: Defending America: "We have lost faith in our leaders. The world has lost faith in us. Our foray into Iraq, to disarm a nation of biological and nuclear weapons they did not have, has shrunk American credibility like a cheap sweater." A Sound Economy: "The Bushies are like street hustlers. While they show you a meager tax cut with one hand, they steal your wallet with the other." Feeding the Nation: "Bad farm policy and bad trade agreements are running the American farmer off the land. It's killing small towns, and small towns are the heart of this nation." Educating America: "Don't start counting your tax break just yet. Your state and local taxes are rising to support the unfunded mandate of the No Child Left Behind act." "I'm here to give it to you straight," Big Ed says. "I've got faith that, when Americans grasp what's going on around them, they'll start acting like a bear fresh out of hibernation -- famished, ill-tempered, and ready to start raising hell." Straight Talk from the Heartland is the wake-up call America has been waiting for.

Parenting, Uncensored: Straight Talk from Real Moms and Dads on Pregnancy Jun 07 2020 Any woman in the midst of it will tell you that pregnancy is, above all, a bodily function—from sore breasts to exhaustion to a wildly strong sense of smell. But the body is not the only storyline. Starting a family can be a downright magical time—the growth can be a welcome sign of a positive identity shift. It can feel exciting, exhilarating, and oftentimes, suspenseful. About how everything from the way I slept at night, sat in a chair and walked across a parking lot would change." In her post, "Obesity, Pregnancy, and The New York Times" Cecily Kellogg writes about weight discrimination and how her ideas about her own body changed during pregnancy. believe that one loss was the end of the world. Phillies fans, notorious as the toughest in sports, recognized a stand-up guy when they saw one and embraced him as one of their own. Though his successful pitching career is behind him, Mitch is still standing up in Philadelphia and telling it like it is. Absolute Honesty Feb 13 2021 Dishonesty does not pay, and in the wake of headlines involving the likes of Enron, WorldCom and Tyco, organizations need to establish ways of maintaining cultures where open, honest communication is the norm. This handbook demonstrates how readers can maintain an environment in which employees speak their mind without fearing reprisal, and truthfulness and accountability show themselves for what they are: business assets. The authors offer a toolbox of strategies that can be used to improve an organization's ability to confront and resolve difficult issues. Provocative and sensitive issues are also addressed, including dealing with a difficult or even dishonest boss, "agreeing to disagree", and accepting criticism without becoming defensive. Many examples, both positive and negative, are given, along with scenarios, anecdotes and quotations.

Loaded with clever, hard-nosed information, Straight Talk elevates men from sitting on life's bleachers as all of the quality babes walk by to becoming an All-Star at love. Crammed with nuggets of practical information spiked with sporting terms, Playing For Keeps is savvy, sexy, and funny. Straight Talk: Volume Two Papa's Got A Brand New Bag \*\*\*A Man's Guide To Lovin' His Woman Down\*\*\* Round Two - The Knockout Volume I Straight Talk: Playing For Keeps got a fellow's foot in the door and into her head ---- Volume II Papa's Got A Brand New Bag pitches step-by-step details on how to perform in her bed. Gerry Wright, personal trainer and former pro basketball player gets straight to the point --- most men are lousy lovers. Perceptive, real and wise, in Volume II Wright teaches men the blow-by-blow moves that leave a woman crying "time-out!" In the same no-holds-barred locker room style of Volume I, Wright explicitly coaches mankind on the sensual techniques to win over the opposite sex. Based on the shared experiences on different continents as Wright played basketball, he delivers the low down on the sexual "left hooks" and "curve balls" - that American women are dying for men to throw. More than a primer on body parts (and yes) oral sex the book also instructs men to listen to their partners. Perceptive, clever, and graphic --- Wright's instincts brand him as America's personal trainer at love. Wright's hand size (a full 11 1/4 inches spread) afforded him the ability to earn Sports Illustrated notoriety as a slam-dunk king. In two erotically raw volumes he gives tips that will have women in the palm of your hand (regardless of how many inches you're wielding). Wright's coaching a new team of men --- and, frankly fellows, she won't be trading you to another team after you read Wright's Straight Talk. Letter to Gerry Wright: Dear Mr. Wright, I went to a little book store called "Consider The Alternatives" on Thursday, April 19, looking for a book about relationships. I told Judy, the owner, that I have read many books to try to understand my man. And I couldn't seem to find one about women for men to read that wasn't just about sex. She called me at my home the very next day and left me a message that two books came in about the subject we were discussing and would I mind coming and taking them to read and review. I went to the store the very next day and read the cover letter, then the contents of the books. I immediately took them home to read. I am 2/3 through Volume 1 and I can't put it down. You must promote this book every where. Your book is heroic to all of us who have been criticized for saying the things you had the balls to say and say it straight. These two books must be marketed ASAP. Get
