**A Complicated Legacy** Jul 22 2019 If movies and books like Belle, Twelve Years a Slave, The

Butler, *The Help*, *A Time to Kill*, and *Amistad* have moved you, you'll love *A Complicated Legacy*, a novel by Baltimore writer Robert H. Stucky based on the true story of Elijah Willis, a white South Carolina planter, and Amy- the love of his life, the mother of his children, and his slave. Taking place in the decade leading up to the Civil War, it is written with a cinematic eye for atmosphere and setting, a linguist's ear for dialogue, and a historian's grasp of the powerful social forces and momentous events of the time. It is a riveting tale of personal transformation in facing the tide of sweeping social change. Elijah Willis fought family opposition, public opinion, and the law to free his family of choice and leave them his entire inheritance. In so doing, his and Amy's story becomes a microcosm of the human struggles that made the Civil War and the Abolition of Slavery both necessary and inevitable. Set in rural South Carolina, Baltimore, and Cincinnati, this vivid saga weaves history and humanity in a compelling testimony to the power of relationships to shape our destinies, even a century and a half later.

**Grace and Sexuality** Dec 27 2019 Many efforts to address the problem of sexual addiction tend to focus on either more commitment or repression of sexual desires. But these strategies do not work, and they diminish the meaning and beauty of sexuality. In *Grace and Sexuality*, the author emphasizes that sexual desire should neither be indulged nor repressed. Rather, healing comes through grateful integration of sexual desire into our lives. As we learn to accept our sexual desires and channel them with love, gratitude and respect, our passions can be rewired. This attitude of grateful integration can deliver us from needless shame for having a sexual nature and enable us to celebrate our freedom from guilt and enjoy our sexuality and closest relationships.

*Grace Hopper* May 24 2022 When grace Hooper retired as a rear admiral from the U.S. Navy in

1986, she was the first woman restricted line officer to reach flag rank and, at the age of seventy-nine, the oldest serving officer in the Navy. A mathematician by training who became a computer scientist, the eccentric and outspoken Hopper helped propel the Navy into the computer age. She also was a superb publicist for the Navy, appearing frequently on radio and television and quoted regularly in newspapers and magazines. Yet in spite of all the attention she received, until now "Amazing Grace," as she was called, has never been the subject of a full biography. Kathleen Broome Williams looks at Hooper's entire naval career, from the time she joined the Waves and was sent in 1943 to work on the Mark 1 computer at Harvard, where she became one of the country's first computer programmers. Thanks to this early Navy introduction to computing, the author explains, Hooper had a distinguished civilian career in commercial computing after the war, gaining fame for her part in the creation of COBOL. The admiral's Navy days were far from over, however, and Williams tells how Hopper--already past retirement age--was recalled to active duty at the Pentagon in 1967 to standardize computer-programming languages for Navy computers. Her temporary appointment lasted for nineteen years while she standardized COBOL for the entire department of defense. Based on extensive interviews with colleague and family and on archival material never before examined, this biography not only illuminates Hopper's pioneering accomplishments in a field that came to be dominated by men, but provides a fascinating overview of computing from its beginnings in World War II to the late 1980s.

The redemption and restoration of the house of Israel and Judah which shall become one nation in the Hands of the LORD, shall be by the spirit of burning and judgment. According to the word of God: For though thy people Israel be as the sand of the sea, yet a remnant of them shall return: the consumption decreed shall overflow with righteousness (Isaiah 10:22). Only one third of the people of Israel and Judah (the Jews) shall be saved and brought into the Promised land, two third shall be cut off and perish as prophesied by Zachariah that: ... it shall come to pass, that in all the land, saith the LORD, two parts therein shall be cut off and die; but the third shall be left therein. And I will bring the third part through the fire, and will refine them as silver is refined, and will try them as gold is tried:

they shall call on my name, and I will hear them: I will say, It is my people: and they shall say, The LORD is my God (Zechariah 13:8-9). It shall correspond with the judgement of God upon upon the whole Earth when the LORD Jesus will execute the judgement of God upon the enemies of God and Israel, purge the land of all iniquities and idol worship and settle to rule the nations of the world upon His Holy Mountain (The Messianic Temple). The LORD God will restore His marriage covenant with Israel and dwell with is people forever. His resting place shall be glorious and the whole Earth shall be filled with the knowledge of His Glory. **The Essex Serpent** Apr 11 2021 SOON TO BE AN APPLE TV+ SERIES A Washington Post Notable Work of Fiction \* Winner of the British Book Awards Fiction Book of the Year and overall Book of the Year \*A Kirkus Reviews Best Book of The Year \* Waterstones Book of the Year \* Costa Book Award Finalist “A novel of almost insolent ambition—lush and fantastical, a wild Eden behind a garden gate...it’s part ghost story and part natural history lesson, part romance and part feminist parable. I found it so transporting that 48 hours after completing it, I was still resentful to be back home.” —New York Times London, 1893. When Cora Seaborne’s brilliant, domineering husband dies, she steps into her new life as a widow with as much relief as sadness: her marriage was an unhappy one, and she never suited the role of society wife. Seeking refuge in fresh air and open space, she leaves the metropolis for coastal Essex, accompanied by

her inquisitive and obsessive eleven-year-old son, Francis, and the boy's nanny, Martha, her fiercely protective friend. Once there, they hear rumors that after nearly three hundred years, the mythical Essex Serpent, a fearsome creature that once roamed the marshes, has returned. When a young man is mysteriously killed on New Year's Eve, the community's dread transforms to terror. Cora, a keen amateur naturalist with no patience for religion or superstition, is immediately enthralled, certain that what locals think is a magical sea beast may be a previously undiscovered species. Eager to investigate, she is introduced to parish vicar William Ransome, who is equally suspicious of the rumors but for different reasons: a man of faith, he is convinced the alarming reports are caused by moral panic, a flight from the correct and righteous path. As Cora and William attempt to discover the truth about the Essex Serpent's existence, these seeming opposites find themselves inexorably drawn together in an intense relationship that will change both of them in ways entirely unexpected. And as they search for answers, Cora's London past follows her to the coast, with striking consequences. Told with exquisite grace and intelligence, *The Essex Serpent* masterfully explores questions of science and religion, skepticism and faith, but it is most of all a celebration of love, and the many different—and surprising—guises it can take.

**The Heiress's Convenient Husband** Nov 06 2020 Grace-by-the-Sea: Where romance and adventure come home. The magistrate over a little Regency coastal village, James Howland, takes pride in protecting Grace-by-the-Sea from ne'er-do-wells, including his distant cousin, the Earl of Howland. So, when he discovers a young lady hiding in the family's castle, his heart cannot decide which comes first—her rescue or his duty. Outspoken Eva Faraday has been exiled to the castle for refusing to marry the man the earl picked for her. Her late father appointed the earl trustee over her considerable inheritance, which she cannot access until she turns twenty-five or marries. And if she marries, her husband controls the money. She's not about to trust any Howland, but James seems ripe for rebellion. To thwart the earl's power, the two agree to a marriage of convenience, only to discover there are others intent on using the earl's castle for nefarious purposes. Eva and James must work together to solve the mystery and stop the earl

once and for all so they can make a marriage that is far more than convenient. This sweet, clean Regency romance is the sequel to *The Matchmaker's Rogue*. Here's a taste: He crossed his arms over his impressive chest. "Nevertheless, I must insist that you leave." Was every Howland this pig-headed? If only she could wash her hands of the lot of them! But the earl was trustee over her funds, and he would give her nothing unless she bent to his will. This man might find it acceptable to live like that. She didn't. "And I must insist that we stay," she said. "I promise to disturb as little as possible. I'll need a bedchamber, a withdrawing room, the dining room and kitchen, and quarters for the staff. From what I can tell, that's less than a quarter of the space in this pile." She thought she caught a sigh. "The castle hasn't been used as a long-term habitation in years. You'll need coal, candles, food. How do you intend to pay for them?" She smiled. "I intend to put them on the earl's credit. He sent me here. He can pay for the privilege." "No," he said, tone as solid as his chin. "The budget here doesn't allow for such expenses." She waved a hand. "Then send the bill directly to the earl." He caught her hand mid-air and held it, gaze fastened on hers. "Have a care, Miss Faraday. I'm only trying to protect you. This castle is more dangerous than you can know. It isn't safe for you here." If he was trying to frighten her off, he was doing a good job. She could almost believe the concern in his voice. But the earl could sound concerned too, even as he tried to steal her future. She yanked her hand from his grip. "Then make it safe. Tell me what dangers to avoid. This is apparently to be my home until I earn my inheritance in ten months. Help me survive my imprisonment." He eyed her a moment, and she steeled herself to keep fighting. Truly, what else was she to do? If her father had guessed the depths to which the Earl of Howland would sink to get his hands on her inheritance, he would never have made the

man trustee and expected him to care for her. In the last six months since her father had died, she had learned to fight for what was best for her and her servants. James Howland would simply have to accustom himself to the fact. "Very well, Miss Faraday," he said. "I'll help you. You may stay in the castle until I hear from the earl." "Best not to let him see her relief. "How very sensible of you." He inclined his head. "But you must allow me to do my duty as well. I am responsible for safeguarding the earl's interests in Dorset." And she would try not to despise him for it. "Of course. Shall I send you a report each week of what furniture I've moved? Which dishes we used?" That smile could have frozen the waves on the Channel. "No need. I'll be able to verify all that on my own. I'll be moving into the castle with you, Miss Faraday.

From The Book: I gave him a swift glance, but he quickly looked away. I put the glass to my lips and could taste that it was vodka. I tipped it to my mouth and gulped it down. The liquor sent a chill through my body and caused my eyes to water. There was a moment of silence as I looked at all the men standing there in front of a long row of windows and the dirty blue skyscape of Los Angeles in the background. I had certainly never been to any meeting like this. "Do you really want to be famous, Madison?" I closed my eyes and opened them again, suddenly realizing what was happening here. There was no way I could do this, I thought. There was no way I was going to be manhandled like this, I told myself. "Yes," I said to him. "In this business, power is all about who owns the stars. The stars are our propaganda and their obedience to us is our collateral," he went on. "And obedience is a very difficult thing to be sure of." "You don't have to worry about me," I insisted. He put his legs against my thighs and pushed them open so I was spread wide for everyone there to see. He began to casually fondle me, rolling his fingers up and down my bare legs. I could feel Wyatt looking at me. I wanted to look back and see that he was in control of what was happening here

and that he would protect me. It was just last night that he had been so tender. "Do you understand you need to submit without hesitation?" "Yes," I said again. I wanted more than anything else just to scream out that I couldn't do this, that this wasn't me and I couldn't be controlled by men like this. "Do you understand that you need to be broken in?" he asked, abruptly grabbing me by the hair. There was a sense of exhilaration in his words that made me want to just stop thinking about anything. I had never been treated so roughly before, yet it wasn't that. It was more the looming expectation that this was going to be some kind of ritualistic force. It was as if I was going through a trial of submission that had been established long before I walked into the room and long before I had even started down the path to becoming an actress. "Yes," I told him again in a hesitant attempt to sound confident, yet not having any idea what his words truly meant. I couldn't believe this was happening.

Through the pages of an ancient, leather-bound journal, Dave makes contact with an ancestor, James Adams, captain of a seventeenth century sailing-ship. Will the captain's decisions take him and his crew where they want to go? And how will those decisions affect Dave as he makes his way through high school and finds his first summer job? *Pirate Journey* explores the parallel lives of a scurvy sea captain and a high school bully as they make decisions and face the consequences of their choices, both good and bad.
