**Mrs. Lincoln and Mrs. Keckly Aug 24 2019 A vibrant social history set against the backdrop of the Antebellum south and the Civil War that recreates the lives and friendship of two exceptional women: First Lady Mary Todd Lincoln and her mulatto dressmaker, Elizabeth Keckly. "I consider you my best living friend," Mary Lincoln wrote to Elizabeth Keckly in 1867, and indeed theirs was a close, if tumultuous, relationship. Born into slavery, mulatto Elizabeth Keckly was Mary Lincoln's dressmaker, confidante, and mainstay during the difficult years that the Lincolns occupied the White House and the early years of Mary's widowhood. But she was a fascinating woman in her own right, Lizzy had**

bought her freedom in 1855 and come to Washington determined to make a life for herself. She was independent and already well-established as the dressmaker to the Washington elite when she was first hired by Mary Lincoln upon her arrival in the nation's capital. Mary Lincoln hired Lizzy in part because she was considered a "high society" seamstress and Mary, as an outsider in Washington's social circles, was desperate for social cachet. With her husband struggling to keep the nation together, Mary turned increasingly to her seamstress for companionship, support, and advice—and over the course of those trying years, Lizzy Keckly became her confidante and closest friend. Historian Jennifer Fleischner allows us to glimpse the intimate dynamics of this unusual friendship for the first time, and traces the pivotal events that enabled these two women to forge such an unlikely bond at a time when relations between blacks and whites were tearing the nation apart. Mrs. Lincoln and Mrs. Keckly is a remarkable work of scholarship that explores the legacy of slavery and sheds new light on the Lincoln White House.

Mrs. Lincoln's Dressmaker Nov 27 2019 Examines the friendship between Mary Todd Lincoln, the wife of Abraham Lincoln, and Elizabeth "Lizzie" Keckley, a former slave who became Mrs. Lincoln's dressmaker during her White House years.

**Behind the Scenes Jul 28 2022** Originally published in 1868—when it was attacked as an “indecent book” authored by a “traitorous eavesdropper”—*Behind the Scenes* is the story of Elizabeth Keckley, who began her life as a slave and became a privileged witness to the presidency of Abraham Lincoln. Keckley bought her freedom at the age of thirty-seven and set up a successful dressmaking business in Washington, D.C. She became modiste to Mary Todd Lincoln and in time her friend and confidante, a relationship that continued after Lincoln's assassination. In documenting that friendship—often using the First Lady's own letters—*Behind the Scenes* fuses the slave narrative with the political memoir. It remains extraordinary for its poignancy, candor, and historical perspective. First time in Penguin Classics

**Emergency! Behind the Scene Jan 28 2020** This book captures the essence of an important chapter in television history: the origins of the

**Emergency!**, a dramatic series significant beyond entertainment. When the world premiere of **Emergency!** was first broadcast in 1972, there were only 12 paramedic units in all of North America. Ten years later, more than half of all Americans were within ten minutes of a paramedic rescue or ambulance unit. That simply would not have happened without the influence of **Emergency!** **Emergency!** followed the daily lives of a pair of Los Angeles County Fire Department firefighters/paramedics, along with their colleagues at Station 51 and the emergency room staff of Rampert General Hospital. This program introduced audiences from all over the world to the concept of pre-hospital care, along with fire prevention and CPR.

**Director at Large** Jun 22 2019 Between his 1962 debut **A Knife in the Water** and the 1968 blockbuster **Rosemary's Baby**, Roman Polanski directed three movies--**Repulsion**, **Cul-de-Sac**, and **Dance of the Vampires** (a.k.a. **The Fearless Vampire Killers**)--that remain a crucial but too often overlooked piece of his filmography. In this remarkable behind-the-scenes look at the director's early output, Jordan Young gives us a revealing look at Polanski at work in the years before his rise to global renown. Drawing on new research and interviews with principals on both sides of the camera--including direct access to the director--Young shares eye-opening, freshly unearthed details. We witness Polanski making movies under some of the worst possible conditions, contending with financing nightmares (both **Repulsion** and **Cul-de-Sac** were underwritten by exploitation-film peddlers), poisonous enmities amongst cast and

crew, and collaborators who, in the director's words, did their best to make me feel like a monster. Polanski the provocateur is in full view here, placing actors in physical peril and deploying such unusual methods as slaughtering chickens to provide real blood for a death scene. While never shying away from unflattering or shocking details, Young still provides a nuanced and measured portrait of his subject--a rare look at a controversial artist in the act of creation.

**Preparing Dinosaurs Oct 07 2020 An investigation of the work and workers in fossil preparation labs reveals the often unacknowledged creativity and problem-solving on which scientists rely. Those awe-inspiring dinosaur skeletons on display in museums do not spring fully assembled from the earth. Technicians known as preparators have painstakingly removed the fossils from rock, repaired broken bones, and reconstructed missing pieces to create them. These specimens are foundational evidence for paleontologists, and yet the work and workers in fossil preparation labs go largely unacknowledged in publications and specimen records. In this book, Caitlin Wylie investigates the skilled labor of fossil preparators and argues for a new model of science that includes all research work and workers. Drawing on ethnographic observations and interviews, Wylie shows that the everyday work of fossil preparation requires creativity, problem-solving, and craft. She finds that preparators privilege their own skills over technology and that scientists prefer to rely on these trusted technicians rather than new technologies. Wylie examines how fossil preparators decide what fossils, and therefore dinosaurs, look like; how labor relations between interdependent yet hierarchically unequal collaborators influence scientific practice; how some museums display preparators at work behind glass, as if they were another exhibit; and how these workers learn their skills without formal training or scientific credentials. The work of preparing specimens is a crucial component of scientific research, although it leaves few written traces. Wylie argues that the paleontology research community's social structure demonstrates how other sciences might incorporate non-scientists into research work, empowering and educating both scientists and nonscientists.**

The Making of The Magnificent Seven Nov 07 2020 The story behind The Magnificent Seven could have been a movie in itself. It had everything--actors' strike, writers' strike, Mexican government interference and a row between the screenwriters that left one removing his name from the credits, all under the lingering gloom of post-McCarthy era Hollywood. A flop on release, it later became a box office hit. This book tells the behind-the-scenes story: how Yul Brynner became the biggest independent producer in Hollywood; why John Sturges was not the first choice after Brynner surrendered the director's chair; why Sturges quit; the truth about the Mirisch Company (producers); the details of the film's botched release and unlikely redemption; the creation of Elmer Bernstein's classic score; and how internecine fighting prevented the making of the television series in 1963. Myths about Steve McQueen, his feud with Brynner and the scene-stealing antics of the cast are debunked. A close examination of the various screenplay drafts and the writers' source material--Akira Kurosawa's Seven Samurai--shows who wrote what. Extensive analysis of Sturges' directorial work is provided.

Powers Behind the Scenes Feb 29 2020 Many people do not believe in the existence of an unseen realm and others try to operate in it yet do not understand it. In order to understand spiritual realms, we must understand realms of authority. Though there are many kinds of authority, spiritual authority is the greatest. If our authority in Christ is by the Spirit, it cannot be determined by a person's gender or race; there

**is no distinction between them in the spirit. According to the Scripture in 1 Corinthians 2:4-15, spiritual things must be spiritually discerned! Intellect, science or anything that we can relate to in the natural will only distort man's view of what is going on in the spirit realm; we discern things spiritually by knowing them through our spirit man and not through our natural man.**

**Behind The Scenes Sep 25 2019 Perfect. Privileged. Strong. Spoiled. Uptight. Useless. If there's any one thing Pierre and Logan have in common, it's their ability to invite snap judgements based on shallow views of who they are. Logan is the privileged only daughter of a respected family whose legacy runs long and deep. Pierre is the moody, orphaned son of big screen royalty who couldn't possibly live up to the prestige of his pedigree. Or maybe not. Perhaps they're just two people trying to navigate the pressures of a world hellbent on telling them what they should be, and eschewing the limits of other people's expectations. Maybe what they need most is somebody who can see beyond the shallow first impressions - just one person they can allow to see behind the scenes of who they are. Maybe they have more in common than it seems.**
